# MYSTOR

[www.graziellapaletta.com](http://www.graziellapaletta.com)

The jewels “GRAZIELLA PALETTA DESIGNER”, with the brand that bears her name, and with the brand “MY STAR” by Graziella Paletta designer, are precious both for the materials they are made of: gold, diamonds, precious stones, both for the accuracy of the execution, entrusted to the best Italian goldsmiths. They are certified “made in Italy” and signed by the designer, to guarantee their authenticity. Many models are “convertables”, a peculiarity of the models by Graziella Paletta designer, which are patented, and which make them adaptable to decorate bags and jewel-shoes. The most important models are produced on request in a limited number of pieces, and numbered, to increase their value with the passing of time. It is also possible to produce an unique piece, that will be provided, as an additional value, with the original design, hand made by the designer and artist Graziella Paletta.
